Or thereabouts!

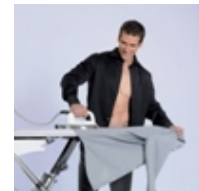

Alexandre, a LAURASTAR devotee from Lausanne in Switzerland, confides to us that his LAURASTAR iron, purchased nearly 8 years ago now, has been a real help to him.

I can iron my shirt in just two and a half minutes!

"As I regularly come into contact with clients, I have to be immaculately turned out. I usually wear a shirt and often don't have enough time to go to the dry cleaners... The LAURASTAR system is ideal for busy people like me, because as well as being practical and efficient, it saves me precious time."

"Thanks to the blower function, I can iron quickly and without unwanted creases – it's incredibly simple!"

If like Alexandre, you would like to save time and iron your shirt in just 2 minutes, then don't waste another minute... go and watch the video which takes you step by step through the stages that will enable you to achieve this level of performance.
